

How to Make a Claim

Out-Patient / Dental Claims

For all out-patient and dental treatment payment is arranged by the Policyholder, at the time of receiving treatment. Provided that the treatment costs are within your plan limits and subject to the policy deductible, the costs incurred will be settled by HealthCare International.

We recommend the following steps:

- 1 Whenever you visit a general practitioner, dentist, physician or specialist on an out-patient basis, please make sure you take a Claim Form with you.
- 2 Fill in the section that is assigned to you, then date and sign the Claim Form.
- 3 Make sure that your doctor provides all relevant medical information, including diagnosis, in the specified section and then dates, signs and stamps the Claim Form.
- 4 Attach all original supporting documentation, invoices and receipts to the Claim Form (e.g. general practitioner/physician invoices, pharmacy receipts with related prescriptions, if available), and post to our claims department at the address indicated on your Claim Form.
- 5 Remember, a separate Claim Form will be required for each person claiming and for each medical condition being claimed for.
- 6 Specify on the Claim Form how you would like to be reimbursed and also the currency in which you wish to be paid. Otherwise the benefit due to you will be paid in the currency of the invoice.
- 7 **Please note that the incurred costs will be reimbursed within the limits of your policy, after taking into consideration any required Pre-Authorisation and will be net of any deductibles or co-payments mentioned in the Table of Benefits or your Certificate of Insurance.**

In-Patient Claims

Where possible, and with sufficient notice, we will arrange direct settlement with providers in the event of hospitalisation. Payment will be subject to any deductibles, co-payment, and benefit limits.

Pre-Authorisation is required to arrange direct billing with the medical provider. Your doctor may also need to complete a treatment guarantee form. We recommend that you contact us at least FIVE DAYS prior to your planned hospital admission so that we can arrange for payment facilities to be set up.

What is Pre-Authorisation?

Pre-Authorisation is a process whereby our claims department guarantees cover for certain in-patient or outpatient treatments and costs. The process requires that a Treatment Guarantee Form is completed by your physician and faxed to our claims department for approval prior to treatment.

When is Pre-Authorisation required?

Pre-Authorisation is required for the following:

- All in-patient benefits as listed,
- MRI (Magnetic Resonance Imaging) scans,
- Convalescent facility and home nursing care,
- Psychiatric, mental, nervous, disorders, alcohol, drug abuse and speech therapy,
- Pregnancy and childbirth (in-patient treatment only),
- Eye surgery,
- Chronic disease/dread disease/AIDS (in-patient and daycare treatment only),
- Medical evacuation or repatriation,
- Expenses for one person accompanying an evacuated/repatriated person,
- Repatriation of mortal remains.

Why is Pre-Authorisation required?

Pre-Authorisation is necessary in order to ensure that all costs are fully covered within your plan. As with all health insurance policies, your plan with us will only cover treatment that is medically necessary and charges that are usual and customary. Therefore, it is vital that you contact us prior to treatment so that we can confirm the medical necessity of your treatment, as well as the appropriateness of costs.

If you are not completely satisfied with the level of service received or the outcome of a claim from HealthCare International then please contact our Customer Care Team by email, customercare@healthcareinternational.com or telephone **+44 (0)207 590 8801**. They will be happy to discuss this with you.

By following the Pre-Authorisation process, we can ensure that your treatment will be free from financial worries, allowing you to concentrate on getting better. In addition, Pre-Authorisation will help us to provide you with a better service:

- In the case of planned treatment, we will have time to communicate with the hospital to facilitate smooth admission and guarantee direct payment.
- In the case of an evacuation/repatriation, we will be able to organise and co-ordinate the evacuation on your behalf.

What happens if I don't obtain Pre-Authorisation?

Unless agreed otherwise between your employer and us, the following will apply.

We reserve the right to decline a claim should Pre-Authorisation not be obtained for the benefits for which it was required. If it subsequently transpires that such treatment is proven medically necessary, we may only pay 50% of the eligible benefits.

In the case of hospital charges guaranteed by us prior to the Insured Person receiving treatment, the Policyholder agrees to reimburse us with the amount of the deductible and any co-insurance specified in the Certificate, at the time, if we are required to guarantee such hospital charges.

What exchange rate will be used to settle my claim?

We will settle your claim / invoices in the currency of your policy unless we are specifically requested to do otherwise. We are not responsible for any loss you may incur due to fluctuations in exchange rates, or for any bank charges you may suffer when you receive a bank transfer, foreign bank draft or when you cash a cheque from us.
